BENECON Centre of Excellence of the Campania Region for Cultural Heritage, Ecology and Economy (BENECON), UNESCO Chair on Landscape, Cultural Heritage and Territorial Governance, President and Legal representative Prof. Carmine Gambardella, legal address: Via Costantinopoli 104, 80138 Napoli

and

Faculty of Architecture, Urban Planning and Design at the Georgian Technical University, Dean Prof. Nino Imnadze, 77 Kostava Str. Tbilisi' Georgia

wish to express their interest

in establishing a formal collaboration with the purpose of developing joint initiatives that can enhance the pursuit of their institutional *missions*.

Intention of the parties

BENECON UNESCO Chair and Faculty of Architecture, Urban Planning and Design at the Georgian Technical University, fully aware of their different roles and functions, diverse but highly complementary to each other, highlight their interest in looking for synergies and integrations in order to valorise and develop mutual activities as well as show interest in verifying the terms and opportunities to build a successful and continuous collaboration.

The main interest of BENECON UNESCO Chair is to make its skills, technological facilities and services available with the purpose of supporting the activities within this partnership in realising pilot projects of interest to the Centre as well as to participate in projects funded by the European Union and other international, national and local institutions in the following areas: analysis, surveying, representation, knowledge and management of the territory.

The main interest of Faculty of Architecture, Urban Planning and Design at the Georgian Technical University, being a research university competing in the international arena, is to make its skills, technological facilities and services available to reach scientific, technological and/or art related advanced knowledge, and also to participate in projects funded by the European Union and other international, national and local institutions to build a network capable of combining the worlds of learning and know-how in the research areas of interest.

The formal agreement aims to give prominence as well as draw mutual public attention to its own facilities in order to highlight the importance of this initiative which is being promoted by the two authoritative parties in the areas of mutual interest.

This agreement formally starts upon the signing this document that is voluntary and does not result in any charges and commercial constraints between the parties. In no event shall the two parties make any commitments or contingencies for and on behalf of the other without formal written permission.
