

2. PARTNERSHIP STATEMENT

A partnership is a relationship of substance between two or more organisations involving shared responsibilities in undertaking the action funded by the European Commission (Contracting Authority). To ensure that the action runs smoothly, the Contracting Authority requires all partners to acknowledge this by agreeing to the principles of good partnership practice set out below.

1. All partners must have read the application form and understood what their role in the action will be before the application is submitted to the Contracting Authority.
2. All partners must have read the standard grant contract and understood what their respective obligations under the contract will be if the grant is awarded. They authorise the lead applicant to sign the contract with the Contracting Authority and represent them in all dealings with the Contracting Authority in the context of the action's implementation.
3. The applicant must consult with its partners regularly and keep them fully informed of the progress of the action.
4. All partners must receive copies of the reports - narrative and financial - made to the Contracting Authority.
5. Proposals for substantial changes to the action (e.g. activities, partners, etc.) should be agreed by the partners before being submitted to the Contracting Authority. Where no such agreement can be reached, the applicant must indicate this when submitting changes for approval to the Contracting Authority.
6. Where the Beneficiary does not have its headquarters in the country where the action is implemented, the partners must agree before the end of the action, on an equitable distribution of equipment, vehicles and supplies for the action purchased with the EU grant among local partners or the final beneficiaries of the action.

I have read and approved the contents of the proposal submitted to the Contracting Authority. I undertake to comply with the principles of good partnership practice.
